Alternative futures for health economics: implications for nursing management

Health promotion for people aged over 65 years in hospitals: nurses' perceptions about their role.

Leaders in Scenario Planning

It's going to be, at that point, so costly that the United States simply won't be able to afford it anymore. The other dimensions being: business, profession, part of the health bureaucracy, and community centre.

Wellness Promotion and the Institute of Medicine's Future of Nursing Report: Are Nurses Ready?

And in the post-pandemic phase, as remote models get deployed for several activities spanning work, learning, entertainment, banking, shopping, it is evident that in addition to healthcare, CX in other major industries will also be shaped by digitalization and virtualization.

Humanizing health care: alternative futures for medicine.

Nurses need to adhere to moral obligations when promoting wellness in nursing practice.

Leaders in Scenario Planning

. How will it be regulated? Narrative review of pediatric critical care humanization: where we are? Physician-The ordinary, day-to-day professional actions of physicians in research, teaching, and collegial life are saturated with narrative work and can be made more effective once recognized as such.

Leaders in Scenario Planning

According to a policeman from Malaga, the order came through Interpol from France to the Spanish Police. These are grave violations, not only of the professional independence of medical doctors, but also of our freedom to choose what treatments we think are best for us, upon the information available.
