However, due to technological developments and the growth of the IP sector, the jurisprudence dealing with the grant of damages in IP cases still needs to be developed further.

Anton Piller orders and Mareva injunctions

All the cases covered have proven useful in developing doctrine, even though subsequent developments have made some appear and misleading and rather than and leading and, and for some recent cases it is too early to say whether their approach will become mainstream. They are particularly effective in cases of alleged trademark, copyright or patent infringement. We ultimately identified several clients who had suffered a misappropriation of funds, which helped them recover their losses.

IPR

Our investigation confirmed that the money had been misappropriated and we also put a figure on the amount that was wrongfully diverted. The purchasing manager and vendors pleaded guilty to the fraud and for the amounts set out in our reports. It is essential reading for scholars and for intellectual property practitioners worldwide.

IPR

Our findings were persuasive for the court to issue a Mareva injunction as well as an Anton Piller order, which were executed at multiple banks and safety deposit boxes as well as a private home.

It also includes sections on fraud, Garnishee orders, and cross-examination about assets. Forensic investigators may be required to collect information on a variety of stakeholders ranging from senior managers, legal, accounting, HR and IT professionals to fellow employees, customers, vendors and shareholders. These mission-critical investigations require broad and disciplined investigative capabilities while shareholders, debt holders, regulators and the media are among those closely tracking the results.

Mareva injunctions and Anton Piller relief in SearchWorks catalog

We were members of the investigative team that identified and analyzed the questionable transactions and accounting entries. The forensic team must discreetly consider all the potential participants and then define and track suspicious funds or transactions, sometimes going back decades.
