### Appointment of the Bishop to Prisons

The intentions are good, and serve initially as a useful lens for understanding various experiences, yet fall flat as an organizing theory. Darton, Longman and Todd, 1988 Lartey, Emmanuel Y. The Bishop is concerned to explore ways in which the Church can structure itself so as to support Christians in their daily life and work.

In lieu of these losses, white male workers either acknowledge the need to stand side by side with other oppressed workers, or they resent their loss and seek to reinforce that sense of superiority and entitlement.
