

# Proektirovanie baz dannykh informatsionnykh sistem

**-- Диссертация на тему «Проектирование аналитических баз данных корпоративных информационных систем», скачать бесплатно автореферат по специальности ВАК РФ 08.00.13**

Nondimensionalization of the NSE

- We define *nondimensional variables*, using the scaling parameters in Table 10-1

$$t^* = ft \quad \vec{x}^* = \frac{\vec{x}}{L} \quad \vec{V}^* = \frac{\vec{V}}{V}$$

$$P^* = \frac{P - P_\infty}{P_0 - P_\infty} \quad \vec{g}^* = \frac{\vec{g}}{g} \quad \nabla^* = L\nabla$$

To plug the nondimensional variables into the NSE, we need to first rearrange the equations in terms of the dimensional variables

$$t = \frac{1}{f}t^* \quad \vec{x} = L\vec{x}^* \quad \vec{V} = V\vec{V}^* \quad \nabla = \frac{1}{L}\nabla^*$$

$$P = P_\infty + (P_0 - P_\infty)P^* \quad \vec{g} = g\vec{g}^*$$

Description: -

- Head Injuries -- rehabilitation.

Brain Injuries -- rehabilitation.

Brain-damaged children -- Rehabilitation.

Brain -- Wounds and injuries -- Patients -- Rehabilitation.

Database management. Proektirovanie baz dannykh informatsionnykh sistem

-Proektirovanie baz dannykh informatsionnykh sistem

Notes: Includes bibliographical references (p. [348]-[349])

Методы, модели и средства проектирования, описанные в работе , в целом представляют собой методический и математический аппарат для формализации анализа и синтеза информационных структур корпоративных аналитических баз данных.
