The Log of a Cowboy: A Narrative of the Old Trail Days by Andy Adams

The general way that this book was written is definitely one of my favorite ways of writing, the stories were easy to follow and it was also very easy to pick up right where you left off. The author, Andy Adams, was born in 1859 in Indiana, grew up on a livestock farm there, and eventually became a cowboy in Texas in the last two decades of the nineteenth century. But with the preface Kelton gave that this is one of the first trail drive novels ever published and one of the truest accounts I have to give it many props.

The Log of a Cowboy: A Narrative of the Old Trail Days

The result is a beautifully written book, filled with fascinating detail of everyday life on the trail in 1882, as a team of 12 cowhands, 1 cook, 1 horse wrangler and a foreman drive 3100 cattle from Brownsville, Texas to the Blackfoot Indian Reservation in Montana. Make sure to pick up a copy in more traditional format unless you're completing a school assignment.

The Log of a Cowboy: A Narrative of the Old Trail Days by Andy Adams

General Overview A detailed journal of the true cowboys.

The Log of a Cowboy : a Narrative of the Old Trail Days. (eBook, 2014) [skynet2550.us.to]

The subject frankly sounded boring to me when I chose this book for the next one to read from with my 10 year old daughter.

The Log of a Cowboy: A Narrative of the Old Trail Days

It could have even given McMurtry the idea of writing a novel about a cattle drive from Texas to Montana in this case the drive terminates in Fort Benton Montana, near a Blackfoot Indian Agency — the cattle are to feed the Indians. Author Andy Adams wrote *The Log of a Cowboy* in 1903, based on his personal experiences working on cattle drives.
