These competencies have been incorporated into the newly revised American Association of Colleges of Nursing's Essentials of Baccalaureate Education document 2008. Consultation process This new version of the Code has already undergone a full and robust review by members of the ICN Board as well as an Expert Steering Group. The purpose of this article is to describe the process of a recent baccalaureate curricular revision at one School of Nursing that used the Institute of Medicine competencies as part of an innovative framework to create a new curriculum.
