Condition: very clean and good overall. The Egyptians invented glass, and perfume bottles were one of the first common uses for glass.

### Perfume through the ages

The 18th-century invention of eau de Cologne helped the perfume industry continue to grow.

### Perfume through the ages. (1972 edition)

I'm interested primarily in pre-1650, so much of this work is outside my frame of reference, and he's not always right about his derivations, but his work is much better referenced than there really aren't a lot of solid histories of perfume out there, and I would say that Genders is one of the best, if not the best, despite the datedness of his work. The book may have minor markings which are not specifically mentioned.

### Body Odor Through the Ages: A Brief History of Deodorant

The 16th century saw the popularity of perfume explode in France, especially among the upper classes and nobles. In the first century, Rome reportedly used about 2,800 tons of frankincense and 550 tons of myrrh a year. Europe Perfumes were first brought to Europe from Arabia in the 11th century, but it was the Hungarians who ultimately introduced the first modern version.

### Perfume Through the Ages

Individual perfumers worked under the patronage of European monarchs to create unique fragrances; their formulae were kept absolutely secret, and perfume became a medium through which aristocracy and royalty could compete on an international scale. What is certain is that perfume will continue to evolve, and delight and inspire the world, much as it has done since its inception.

## **Perfume Through Ages**

Stefanie Fontanez is an occasional contributor to mentalfloss. Perfume quickly became a luxury used exclusively by aristocrats and royalty to mask the offensive odours resulting from lack of hygiene.

### **Perfume through the ages. (1972 edition)**

The ritual started when Muhammad declared that every male Muslim must use perfume after a weekly bath. Anthropologists now believe that our funky selves helped keep us from being some predator's dinner. From the seventh century C.
