### Main page of Dr. Abdul Hanan Sheikh

She challenges notions of sexuality, obedience, modesty, and familiar relations in her work. Her work often implies or states sexually explicit scenes and sexual situations which go directly against the social mores of conservative Arab society, which has led to her books being banned in the more conservative areas of the region including. She attended the Almilla primary school for Muslim girls where she received a traditional education for Muslim girls, before continuing her education at the Ahliah school.
