**The International Atomic Energy Agency**

However, despite significant progress, over 11% of the world's population still lacks access, mostly in rural areas. Finally, the section manages projects related to quality improvement in the clinical practice of nuclear medicine. India and China, which do not participate in PSI, have questioned the legality of its interdictions.

## Iran asks International Atomic Energy Agency not to publish 'unnecessary' nuke details

However much storage remains underground, in depleted oilfields, especially in the USA, and this can be dangerous. Iran's efforts to acquire nuclear weapons, what amounts to North Korean nuclear blackmail, and the revelation of the A.

## Reference Materials

On 28 October, 2019, the IAEA Board of Governors held its first vote to elect the new Director General, but none of the candidates secured the two-thirds majority in the 35-member IAEA Board of Governors needed to be elected. Increased electrification of end-uses — such as transport, space cooling, large appliances, ICT, and others — are key contributors to rising electricity demand. The regime is under siege from both rogue states and nonstate actors, and its core bargain between the nuclear haves and have-nots continues to erode.

## International Atomic Energy Agency

Rights in the NPT come with responsibilities. Although amending the NPT is admittedly a difficult task, states should commit to strengthening the interpretation and application of the treaty's rules.
