John Egerton lives in Nashville, Tennessee and writes about the South. The Timeline should interest anyone involved in OR - researchers, practitioners, academics, and, especially, students - who wish to learn how OR came into being. Please note that the following make use of terms that would be unacceptable today.

Eating, Drinking, and Visiting in the South: An Informal History

The at George Mason University has done great work to offer historians the tools to create innovative, engaging new ways for the public to learn about their research. Allen's lively narrative brings back an endless variety of half-forgotten events, fashions, crazes, and absurdities. Several other proposed pieces for this volume touch on Twitter, but as far as I could tell no one has focused on it in detail yet.

An Informal History of Informal Writing (Cummings) Fall 2011

By quickly publishing thoughts, historians can delve into the discussion of ideas faster than ever before. Selected examples are included below.

Hancock County ME Histories and Genealogies

We collect more secondary works in this area than in some others, since their bibliographies and references are useful for identifying sources. Homework There is no homework in this year group.

's 's Meaning: A Historical Study of the English Genitive, as Compared to other Western Germanic Languages

After World War II, the huge influx of students into higher education in the United States swelled the ranks of basic college writing courses, prompting scholars of English to develop composition studies; by the 1980s, researchers in this field began to consider how their students would actually use writing in their careers, apart from formally graded or published work.
