## Heart sounds

As seen in congestive heart failure, which is the most common cause of a S3.

## Heart Sounds And Murmurs

Often the difference between the two views is just a 5-10 degree tilt! Generally, this is a very rarely heard murmur, even though aortic valve regurgitation is not so rare. We recommend that students start with our Introduction to Heart Murmur page. S3 is thought to be caused by the oscillation of blood back and forth between the walls of the ventricles initiated by blood rushing in from the atria.

## Heart Sounds Made Easy by Elspeth M. Brown

The causes of a pericardial effusion can be from various causes including pericarditis, myopericarditis, uremia, malignancy, infections, rheumatologic, etc.

## Easy Auscultation

E-point septal separation: a bedside tool for emergency physician assessment of left ventricular ejection fraction. IVC Size IVC Collapsibility Interpretation CVP 50% collapsibility 0-5 mm Hg Low CVP 50% collapsibility 6-10 mm Hg 1. The Lecturio Medical Concept Library.
