## The Risks of Misperception in the Nuclear Standoff with North Korea

Some aspects of doctrine rules of engagement for SANDF participation in international peace support missions were also set out in a White Paper in 1998. Border control will be exercised on land, sea and air borders by high technology surveillance supported by rapid reaction forces.

## Review: The Comparative Analysis of Military Regimes: Formations, Aspirations, and Achievements on JSTOR

Today's force-projection Army recognizes the following nine principles of war: objective; offensive; mass; economy of force; maneuver; unity of command; security; surprise; simplicity. However, doctrine is constantly evolving as a result of new technology and changed circumstances. The direction of military reform and reorganisation are determined by the military doctrine, which, in its turn is determined by the broader national security concept.

## New doctrine: Army identifies 'homegrown militancy' as biggest threat

Russian security experts pointed out that the former Soviet borders were well fortified and guarded. These changes have made Iraq the critical strategic prize in the struggle between Iran and the United States and its Arab strategic partners.

## Changing Realities, Changing Perceptions: Deterrence and U.S. Security after the Cold War on JSTOR

Will that enhanced expenditure be utilised in social sector to improve the well being of the dowtrodden people of the Country? The objective of Russia's new military doctrine as also of the national security concept is to ensure core interests of Russian security.

## Revised doctrine prepares Soldiers for changing global threats

In the last few months, the army has shown no substantial gains against the militants. Apprehensions regarding the impediments in the way of emergence of a multi-polar world are expressed in a more circumspect manner. USA, Joint Chiefs of Staff, The Official Dictionary of Military Terms, Hemisphere Publishing Co, 1988, pp 76, 118, 196 and 237.

## Austria's OSCE Chairmanship holds discussion on military doctrines with focus on different threat perceptions

Concern is expressed in both the documents that fuel and energy resources constitute the bulk of Russian exports and food and consumer goods are the main import items.
