Agar koi shuks jaez tareeqay se apni pasand ki shadi karna chahta ho tou ye us ke liye bohat mujarrab hai. Some people who follow Harun Yahya, claiming that Mawlana called him like his son!!!. My research and study into the subject of Yajuj wa Majuj represents the opinions and views of the major scholars and historians of Islam on this matter, expanded on in light of modern knowledge, it maybe new to you but that is only because no other scholar has done this in our time.
