The comprehensive index to the volume organizes instruments by type. Music in early China, then, was thought to elicit an untamed, instinctive reaction in humans, which affects all its listeners at once.

**China**

The last two mountain systems extend beyond China.

**Music in Ancient China : An Archaeological and Art Historical Study of Strings, Winds, and Drums During the Eastern Zhou and Han Periods (770 B.C.E.)**

The country was much weakened at the war's close. After a number of campaigns by the Sino-Manchurian army against Tibet, the region was annexed in the late 18th century. These finds suggest that music was viewed as an important part of the afterlife.

**China**

The great industrial, commercial, and transportation center of central China, Wuhan comprises since 1950 the former cities of Hankou, Hanyang, and. The new project is the work of a group of European musical and ethnographic museums. Three main regions are clearly distinguished: the Tibetan Highlands in the southwest; to the north of them, the Central Asian plains and plateaus, which stretch from west to east in a broad belt; and the lowland plains of East China with its border ranges.
