## The Loman Family Picnic

In Margulies' story it is a middle-class, Jewish American family living out the post-1950s American Dream in Coney Island, New York. Margulies' characters are colorful, well written, and well performed.

## What's Wrong with This Picture?

One reason is that Margulies deals with universal issues which allow audiences to reflect upon, and attain a heightened understanding of, themselves and those closest to them. Winner of the 2000 Pulitzer Prize for his Dinner With Friends, Donald Margulies is one of the finest of the current crop of American playwrights.

## Southern Florida

In their own words, Arthur Kopit, Marsha Norman, Christopher Durang, David Hare, and many others offer insights into all aspects of the creative writing process as well as their personal views on the business, politics, and fraternity of professional theater.

## New Jersey

Despite top-notch performances from nearly the entire cast Friedman stumbles a bit during the emotional climax , the diversions are many but the payoff is small. Pain is being passed on from generation to generation among family members who, at the core of their being, long to give and receive love and happiness from one another, but haven't much hope of being able to figure out how to do so.
