RESOURCES

The Current Index to Statistics is a bibliographic index to publications in statistics, probability, and related fields. Formats If your electronic artwork is created in a Microsoft Office application Word, PowerPoint, Excel then please supply 'as is' in the native document format. The datasets will be listed and directly accessible to readers next to your published article online.

Resource use efficiency in Indian agriculture — International Society for Agricultural Meteorology

Types of papers Types of papers 1. Figure captions Ensure that each illustration has a caption.

ASABE

In addition to general agricultural information, each state Extension office has a designated Sustainable Agriculture Coordinator. Full details can be found on the. AFSIC, slightly revised, July 2018.

Guide for authors

ICPSR also leads several initiatives that encourage use of data in teaching, particularly in undergraduate instruction. Original papers Regular Papers should report the results of original research.

Databases

A data article is a new kind of article that ensures that your data are actively reviewed, curated, formatted, indexed, given a DOI and made publicly available to all upon publication watch this describing the benefits of publishing your data in Data in Brief.

Resource use efficiency in Indian agriculture — International Society for Agricultural Meteorology

Only in exceptional circumstances will the Editor consider the addition, deletion or rearrangement of authors after the manuscript has been accepted.

Guide for authors

All contributions will be initially assessed by the editor for suitability for the journal. Library of Congress, PQDT Global offers comprehensive historic and ongoing coverage for North American works and significant and growing international coverage from a multiyear program of expanding partnerships with international universities and national associations. Contacting your state or county Cooperative Extension Service is a good place to begin the search for helpful information and contacts at the local level.

RESOURCES

Our aim is to ensure the site continues to deliver the highest quality content, in an easy-to-use way, helping you find the information you need to produce well-organized and authoritative articles and research papers. It is EBSCO's intention to provide access to this resource on a continual basis.
