### Special feature: Focus on Denmark's pork industry

The number of slaughtered and live animals exported and the production of meat amount of edible meat in kilograms are reported. For exports of live cattle, the export value fob is applied as 20 pct.

### Livestock production

Often these are sliced upon request. All those people have the right to safe, quality food. The AAA did not respond when DeSmog asked about its emissions claim.

### Big Meat and Dairy Companies Have Spent Millions Lobbying Against Climate Action, a New Study Finds

This has meant that we see a lack of finishing capacity in Denmark and hence the need for producers to find a better market for their wieners south of the border. But the UN does not advocate for the expansion of the kind of large-scale, industrial meat production the companies conduct, arguing in a recent that the emphasis should instead be on supporting small-scale farmers, whose livelihoods could be threatened by the expansion of multinational meat giants. But like the against Shell that resulted in a Dutch court ordering the oil giant to deepen its greenhouse gas emission goals, the lawsuit against Danish Crown could create a legal precedent.

### Danish Activists Sue Pork Giant Danish Crown Over Climate Slogans

Trade-offs are inevitably involved but searching for best or even win-win-win solutions, informed by actual practices in countries, is key to the IMS stance, based on robust evidence. That could largely be attributed, they said, to the fact that very little agricultural research is done outside of industry-influenced universities or by independent researchers.

### Slaughter Animals and Meat Production: Statistical processing

At the same time, it recognises that Danish pig production should achieve the economic growth that Danish society wants. As the example of

Denmark shows, industrial animal agriculture covers large areas of land that cannot be used to regrow natural vegetation that binds more carbon in the soil than agricultural land. Size, Growth and Forecast Analytics is a broad level market review of Cured Meats market in Denmark.

### **Danish Pig Meat Industry**

Adjustment The latest published data is preliminary, data correction may occur when the final data is received. The non-profit GRAIN, which advocates for small-scale farming, and the Institute for Agriculture and Trade Policy IATP , a US-based sustainable farming research organisation, have however that meat giants , , , and have all, at one time or another, hugely under-reported their annual emissions. The statistics on slaughtering of animals cover all slaughtered animals by Danish slaughterhouses distributed by cattle, pigs, sheep and lambs, poultry and horses.

### **Big Meat and Dairy Companies Have Spent Millions Lobbying Against Climate Action, a New Study Finds**

The AAA did not respond when DeSmog asked about its emissions claim . The FAO declares that it is particularly to supporting small-scale livestock farmers in developing countries—an agricultural group that has in countries like the U.
