We carefully study the clothing, painstakingly recreate it, eventually hoping to wear it as it was once worn. Furthermore, strong competition in a narrowing market caused many publishers to go out of business. They are difficult to discern from real photos but usually don't have the glossy finish of photographs.

The women in the images below all wear separate skirts and blouses. A range of other shoulder-enhancing trim was seen on the bodice.

American Wrappers

But just as we today rarely label our own photographs when we give or receive them, because we know who our friends and loved-ones are, and they know our faces, so too did the consumers of photography in its early years usually leave them unlabeled: they knew who the portraits were, and that was enough. Men's Hairstyles Men's hair during the 1850s was generally parted, slicked back, and combed up into a high wave at the center of the forehead.
