### When an Influx of French

The most significant New York State law to improve deteriorating tenement conditions was the Tenement Act of 1901, promoted by a design competition and exhibition held by the Charity Organization Society in 1900. As cities grew in the nineteenth century, there was increasing separation between rich and poor. Dublin Eye A weekly update on the people and stories that get Dubliners talking.

### Tenement housing in Chicago

In addition, the shaft windows of adjoining apartments were so close that privacy was virtually eliminated. Tenements with one or two room flats provided popular rented accommodation for workers, but in some inner-city areas, overcrowding and maintenance problems led to , which have been cleared and redeveloped. Heating was provided by stoves burning charcoal briquettes.

### Tenement Housing

It is frequently defined by statute, and its meaning therefore varies from one jurisdiction to another. The photographer Jacob Riis, shed light on the horrible and difficult life lived by immigrants in tenement New York. Vermin were a persistent problem as buildings lacked proper sanitation facilities.

### The Decorated Tenement — University of Minnesota Press

Residents would often live four, six or even eight to a room, 30 to a toilet or 40 to a tap. By 1900, one-tenth of New Englanders spoke French.

### Tenements

This exacerbated both the deterioration of living conditions and the spread of diseases throughout Chicago. When 44 French Canadian children died in Brunswick, Maine, during a six-month period in 1886, most from typhoid fever and diphtheria, local newspaper editor Albert G. This area became the racial center for African Americans in the city and would later develop into the lower-income housed, majority African American area of the city.
