Manifest Madness: Mental Incapacity in the Criminal Law

Following the chronology of the penal chain — instruction, hearing and post-hearing -, the debates recalled the definition of a mental disorder and of discernment, evoked the psychiatric expertise, the problem of the detention of people with mental disorders, the need for a trial of the victims and the future of the perpetrators in great suffering. The study day on the criminalization of madness which took place on July 1 in Bordeaux will not be without follow-up. University degree, observatory, training center, institute like that of criminal defense? Dynamics of Inclusion and Exclusion: Unfitness to Plead and Infancy; Informal Legal Practices and the Emergence of the Doctrines; Formalization of Unfitness to Plead and Infancy I: Dangerousness and Disposal; Formalization of Unfitness to Plead and Infancy II: Fairness and Special Treatment; Formalization of Unfitness to Plead and Infancy III: the Rise of a Dynamic of Exclusion 5.

Manifest madness : mental incapacity in criminal law/ Arlie Loughnan.

Whether it is a question of the age below which a child cannot be held liable for their actions, or the attribution of responsibility to defendants with mental illnesses, mental incapacity is a central concern for legal actors, policy makers, and legislators when it comes to crime and justice. Putting Mental Incapacity Together Again; Reconstructing Mental Incapacity in Criminal Law; The Category of Mental Incapacity Doctrines in Criminal Law; Difference within Criminal Law; 3. Language: English System Details: Mode of access: internet via World Wide Web System requirements: Adobe Acrobat or other PDF reader latest version recommended , Internet Explorer or other browser latest version recommended.

Manifest madness : mental incapacity in criminal law/ Arlie Loughnan.

The decision has sparked a societal debate such that the law on criminal irresponsibility is set to change.

Michael S. Moore, Madness and the Criminal Law

Bringing together previously disparate discussions on criminal responsibility from law, psychology, and philosophy, this book provides a close study of mental incapacity defences, analysing their development through historical cases to the modern era. Whether it is a question of the age below which a child cannot be held liable for their actions, or the attribution of responsibility to defendants with mental illnesses, mental incapacity is a central concern for legal actors, policy makers, and legislators when it comes to crime and justice. Understanding the terrain of mental incapacity in criminal law is notoriously difficult; it involves tracing overlapping and interlocking legal doctrines, current and past practices including those of evidence and proof, and also medical and social understanding of mental order and incapacity.
