Teaching Tips for Children and Adults with Autism: Articles: Indiana Resource Center for Autism: Indiana University Bloomington

For instance, while the student is conducting, he says aloud the following rhythm see Example 1. Many music titles are available for downloaded, for embossing on a braille printer, or for a student to read on a braille display.

Teaching Students with Disabilities

They should be given either a visual task or an auditory task. I had 45 minutes of one-to-one speech therapy five days a week, and my mother hired a nanny who spent three to four hours a day playing games with me and my sister.

Teaching Tips for Children and Adults with Autism: Articles: Indiana Resource Center for Autism: Indiana University Bloomington

The individual needs to learn that when he says words, concrete things happen.

Teaching children with Down syndrome to play the piano

Once I am convinced the student understands the rhythm and can play it comfortably with the metronome, then the student can begin to work on playing with more expression and freedom.

Teaching children with Down syndrome to play the piano

Sign up successful Having come from a high-pressure, formal music college, at the beginning of my teaching career I disliked the idea of any labeling for any age, either on the keys or in the sheet music. Particularly check the programs at your local, state, and national teachers' groups conventions, as there may be an appropriate session you should attend.
