SAGE Books

Flint water and the no blame game. Both corporate and organized crime operates at a global level, thereby making it difficult for governments to adequately deal with their illegal activities.

Russia: Corporate Anti

With effect from April 1, 2020, the LODR Regulations mandated the Boards of the top 1,000 listed companies to appoint at least six directors and at least one female ID. Specifically as regards the disclosures on the website, listed companies are required to maintain a functional website containing under a separate section the basic information about the company and mandatory disclosures, such as the annual report including financial statements, Board report, corporate governance report, contact information of the designated officials responsible for assisting and handling investor grievances, and details of establishment of vigil mechanism, etc. The shareholders have the power to remove a director not being a director appointed by the NCLT , by giving such director a reasonable opportunity of being heard.

Opportunities for Environmental Crime

Russia: Corporate Anti-Corruption Enforcement Trends Russia: Corporate Anti-Corruption Enforcement Trends Baker McKenzie's newest report, Russia: Corporate Anti-Corruption Enforcement Trends, aims to provide both international companies operating in Russia and Russian businesses with an international footprint with practical and informative guidance on evaluating their corporate compliance programs. Olin Program in Law and Economics Working Paper No.

Court Sentencing Patterns for Environmental Crimes: Is There a “Green” Gap in Punishment?

Journal of Regulatory Economics, 40 3 , 279—302. Without money, the incentive of taking the risk will be absent, thereby eliminating the need for undertaking a venture that, if caught, is punishable by the law. Journal of Criminal Justice, 37 1 , 77—84.

Opportunities for Environmental Crime

Health Affairs, 30 5 , 852—862.
