## **Maha Mrityunjaya Mantra in Sanskrit with Meaning Explained**

One of the core principles is that of Karma and the binding cycle of birth and death until the Karmic cycle balances fully. As is the ripened cucumber freed from its bondage to the creeper , may He liberate us from death for the sake of immortality. Once we consider ourselves as one with the Lord in the same way as Markandeya , we automatically become Mrityunjaya — Victorious over death.

A horizontal row of 15 solid black squares. The first seven squares are grouped together by a small gap from the next eight squares. This visual representation is used throughout the document to denote two distinct sections or parts.

But the Mantra is also chanted to gain long life in the worldly existence. It becomes a part of you and your personality.
