Written in a simple, concise and easy to understand manner, The Fundamentals of Public Budgeting and Finance captures the multidimensional perspective of public budgeting that students, as well as practitioners will find useful. A leader in the promotion of PPBS was Robert McNamara's use in the United States Government's Department of Defense in the 1960s. The Basics of Public Budgeting and Financial Management offers graduate and undergraduate students an opportunity to learn some basic budgeting and financial management skills as well as a snap shot of budgetary theory in one textbook.
