criminal trial in later medieval England: felony before the courts from Edward I to the sixteenth century

This book represents the first full-length study of the relations between gender and crime in late medieval England. All in all, Bellamy estimates that the chances of an accused felon being executed at the end of the sixteenth century was about double that of one who stood trial in the later Middle Ages.

J. G. Bellamy. The Criminal Trial in Later Medieval England: Felony before the Courts from Edward I to the Sixteenth Century. Buffalo, N.Y.: University of Toronto Press. 1998. Pp. 208. \$50.00

An increasing number of scholars in. From the charter to the will to the court roll, the majority of the documents which have survived from later medieval England and Ireland, and medieval Europe in general, are legal in nature. On the other hand, the desire to see a case to a successful finish was much stimulated by a statute of 1529 that allowed a victim who appeared in court to give evidence leading to a conviction to recover his stolen property.
