Multicultural Training by Richard H. Dana

Measurement properties of dimensionality, reliability, and validity are briefly examined to further elucidate the cultural competence construct. This unique scale provides the foundation for this extensive training program.

Multicultural Training by Richard H. Dana

This scale is a quick way for trainers to assess each individual mental health practitioner's level of cultural understanding, giving trainers the freedom to customize the program as needed. This chapter critically reviews 16 cultural competence instruments within a social justice-oriented service delivery framework, namely, the Multicultural Assessment-Intervention Process MAIP model. Retrieved Aug 04 2021 from 9780749452322 Advanced IQ tests; the toughest practice questions to test your lateral thinking, problem solving, and reasoning skills.

Multicultural Training Program: Participant by Richard H. Dana

CBMCS includes the following materials: CBMCS Scale: A 21-item practitioner self-report scale, which was honed from five respected assessment scales that included provides the foundation for this extensive training program. CBMCS Training Modules: This step-by-step resource will guide trainers through four modules. The included Multicultural Reader provides trainers with critical background research, improving their knowledge base.

A Review and Critique of Multicultural Competence Measures: Toward a Social Justice

Eligible for up to 32 CE credits Eligible for Mental Health Services Act Prop 63 Funds Based on several years of research and collaboration among the University of La Verne, the California Department of Mental Health, the California Institute of Mental Health, and the California Mental Health Directors Association, this unique training program gives mental health facilities a valuable tool in working with diverse populations.
