Personnel Management

Additionally, the personnel department is also often charge with responsibility of health and safety, employees benefits and services, organizational planning personnel and behavioral research.

Personnel Management

The empirical testing underscores the weakness of the model.

Public Personnel Management: Contexts and Strategies

Personnel management can be defined as obtaining, using and maintaining a satisfied workforce. For this objective to materialize, the school management must be able to plan, organize, direct, coordinate and control the activities of the staff and students in an atmosphere devoid of persistent and unresolved conflicts.

Global Encyclopedia of Public Administration, Public Policy, and Governance

Many public organizations are able to be as efficient as they are because of the talent, skill, and passion of their workforce, and people in the personnel administration field typically work to be sure this remains true over time. In most cases the field focuses on civil service, collective bargaining, and affirmative action.
