Perhaps one could even say that the development of law and legal philosophy parallels that of general philosophy, for just as general philosophy more and more was taking the place of theology, so here we find a gradual turning from the legal dogmatism of Roman law to a more general legal philosophy. Like many others of its kind, it deals under this title with the government of princes. Náčrt vývoja lesného hospodárstva na Horehroní s osobitným zreteľom na osadníkov.
