## **We the People: a Legal Primer**

The munitions and provisions, and seamen's clothes and wages, shall not contribute towards the ejection; but such things as are cast away shall be paid by contribution, out of the other effects. Question: What happens when the wheel having gotten what it wanted by being turned by the lever and having initially accepted the benefits of the steam pushing the piston , freezes up for some reason and does not reciprocate as expected and now refuses to push the piston back into the chamber? Levy saw his role with respect to these cases as beginning and ending with litigation.
