. Loved it, I love the vivid descriptions of the heat, the harbour, Lila's garden and Ness' house, PS is such a heart breaking character.

### Careful He Might Hear You by Sumner Locke Elliott

Vanessa is a very complex character, and understanding her motives are very difficult. At Vanessa's, there's a regimen of private school, round vowels, piano and riding lessons, and lonely indoor play with fancy toys.

### Careful, He Might Hear You (film)

His unawareness of the outside world and any other style of life but his own causes the power of their relationship to be solely in the hands of Lila.

It sounded through his half sleep like surreptitious mice foraging through tissue paper. So many geographical references strike a chord for my home town and much of the language typifies the memories of stories related to us by grandparents who grew up in the era. This was made apparent by his experiences of acute nostalgia.
