The Company has continued to participate in the drilling of this liquids rich program. Petrohawk has announced the initial results on their Redhawk Prospect located approximately 17 miles WNW and Chesapeake has drilled to total depth on their initial horizontal well in Zavala County approximately 6 miles N of our leasehold.

**Amazon.co.jp: Mollusks from the Pepper Shale Member of the Woodbine Formation, McLennan County, Texas: Usgs Professional Paper 243**

The agency has over 10,000 employees that collect, monitor, and analyze data so that they have a better understanding of our problems. One non-operated horizontal development well was drilled by a joint venture partner to the Eagle Ford shale.
