Temperance

Finney rejected a popular religious notion—that people's actions on Earth did not have any impact on whether they would be saved from their sins and allowed to enter heaven after death. Investigators initially thought that the seven men had been killed by police officers, though it later became widely known that Capone was behind the murders. Temperance was seen as a social reform measure that applied equally to all citizens in the name of social justice and public health.

The Temperance Movement and Social Work (Report) on Apple Books

Many agreed with temperance and its principles, but believed that the government should not involve itself in prohibition. This new found calling to temperance, however, did not change the widely held viewpoint that women were only responsible for matters which pertained to their homes.

The Temperance Movement and Prohibition

Dublin: Pioneer Total Abstinence Assn. Woman and Temperance: The Quest for Power and Liberty, 1873-1900.

Suffrage in 60 Seconds: Temperance (U.S. National Park Service)

Some, known as bootleggers, developed a successful career producing or acquiring alcohol and then selling it. The most infamous center of during Prohibition was Chicago. Contributions in American History 82.

Temperance Movement

Peter Clark, *The English Alehouse* New York: Longman, 1983 , p. One such product, known as raisin cakes, was sold as a snack food or for making nonalcoholic grape juice or cider. At the approach of the 20th century, the temperance movement became more interested in legislative reform as pressure from the Anti-Saloon League increased.

Temperance movement

Some of Capone's men were dressed as police officers. Boston: Houghton, Mifflin, 1903, p. Those who had built up vast supplies elsewhere rushed to move their stockpiles from warehouses to basements, bedrooms, and garages.
