not only the popularization of the policy but also promote its implementation that will ensure the growth and development of the private sector much needed for poverty reduction in the country.

**Assessing Citizens' Perceptions on the Sierra Leone Local Content Act of 2016**

Often they also have to pay by shouldering the long-term burdens of projects that do not benefit them and which they never requested.

**Investment flows in Africa set to fall sharply, says new UNCTAD report**

I address the question of cross-national variation in the adoption of these laws through a combination of statistical analysis and a case study of regulatory reform in Sierra Leone.

**Why Sierra Leone's mining industry requires a robust environmental protection regime**

Amends the Development of Tourism Act, 1990. The report notes that as of March 2020 there had been no official statements on an intergovernmental African position on the second wave of OECD proposals on the BEPS initiative. These nominations are the result of tripartite consultations and reflect the interest of the Ministry of Labour and the social partners to collaborate and ensure strong synergies with the work of the , a specialized semi-autonomous agency of the government of Sierra Leone charged with the responsibility to implement the Local Content Agency Act 2016.

### **The Impact of Mining in the Local Communities in Sierra Leone, 978**

Sierra Leone was one of the countries worst hit by the Ebola Virus in 2014. Repeals the Entertainment Tax Act, 1971; the Restaurant Food Act, 1989; the External Telecommunications Act, 1995; the Sales Tax Act, 1995.

### **Sierra Leone Economy: Population, GDP, Inflation, Business, Trade, FDI, Corruption**

It requires adequate technical expertise and capacity to monitor and enforce compliance. Bilateral Agreement Sierra Leone and Spain are not bound by a Double Taxation Agreement.
