Acorn BBC Microcomputer System

Computing in Education The BBC Micro proved such a popular and successful platform for teaching Computer Literacy that it was adopted as a de facto standard by many schools in the UK and other Commonwealth countries. See also: and During the in there were two types of construction that developed in parallel and different in point of both materials and technique.

The BBC Micro in Education

This was my teachers attempt to garner some interest from me in Chemistry as I pretty much hated the subject and to be quite honest, it worked. The BBC Micro enabled schools to teach Computer Literacy and Computing Science, and by the mid-1980s many school pupils were studying for GCE Ordinary O Level certificates in Computing. BBC Computer Publications

This project was an early form of crowd-sourced information combined with maps, photos, audio recordings and many other digital resources. My first set of experiments were based finding the molarity of an unknown acid or alkali which would at A-Level be normally achieved by a process of

titration, manually monitoring the amount of titrant and turning off the flow as soon as a visual colour change was seen in the receptacle below.
