Motorcycle Forged Pistons & Performance Parts

Macintosh has ported Tux Racer to the Macintosh. All Rights Reserved - Use of this site is subject to the following list of.

Planet Robby

It also helps you to keep track of all your drivers, with features to show in depth performance statistics and race results. Precision Forgings, state of the art CNC finishing, ArmorGlide® skirt coating, complex dome profiles, and optimized shirt shapes are only a few features that make Wiseco forged pistons the best available. Premium gasket kits for better sealing, high grade titanium rings, jetting kits, pins, bearings, Wiseco has built its reputation in the racing industry by sponsoring winning riders all over the world.

Downloads

Some RPM-based distributions Mandrake and Connectiva Linux, for example already include Tux Racer packages; we suggest you use them if they are available. We hope you enjoy your visit to the SpecRacer.

Spec Racer Home Page

The site already has nine cool-looking courses, and you can send in a screenshot of your record time to have it posted on the site. Mac OS X Port Available Thursday, April 26, 2001 has ported Tux Racer 0. We want to get the features that will go into Version 1.

Ultimate Racer

We offer countless products for each manufacturer ranging from the latest model releases to popular models released throughout history. Top teams have been winning with Wiseco for over 75 years, so why should you consider any alternative! By having engineers and sales staff in the field we are in tune with the most popular models and upcoming releases from OEM's. These ports are untested and unsupported by Sunspire Studios; if you have problems with them please contact the creator of the port or the mailing list.

Tux Racer

If you already have Tux Racer 0. Linux Binaries RPMs We have chosen not to provide RPM packages for Tux Racer at this time, due to the significant variation among distributions which use the RPM format. They are raced primarily in events sanctioned by the Sports Car Club of America SCCA.

Tux Racer

SRFs are engineered and produced by. It is based on many years of slot car experience and has been continuously upgraded according to user feedback.
